Halloumi and Sweet chilli Burger CSB007

In a heated pan with a little oil, pan fry the burgers on each side for 2-3 minutes, pressing down gently with a spatula. In the same pan remove the patties, and fry the halloumi cheese until golden on each side. For best results, lightly toast the inside of the burger bun in a pan with a little butter. Deep-fry the wedges in oil for 3-5 minutes until golden, or drizzle with a little oil and bake in a 190 degree preheated oven for 15-20 minutes. Assemble with the rest of the ingredients as desired.
